Do you already work for Fresno Unified but are looking to make the transition to teaching?

Are you a recent college graduate with a single-subject degree looking to start a rewarding teaching career?

Or have you already had a successful career and are now looking for more meaningful work?

If you are dedicated to learning, have a passion for teaching and have at least 60 units toward a degree, then we have the program that will give you the boost you need to complete your teaching credential.

Transition to Teaching is a competitive program that creates and nurtures highly effective teachers for Fresno Unified School District in hard-to-fill subjects such as math, science and special education. If you’re dedicated to making a difference, Transition to Teaching will help you get your foot in the door by offering educational and professional support.

Fresno offers an easy-going lifestyle. The Fresno area offers an authentic, easy-going lifestyle in one of the most affordable locations in California. Located at the base of three national parks in Central California, the Fresno area offers big city amenities with small town ease.

Top 10 Reasons to Work at FUSD

10. Competitive salary
9. Great benefits and retirement plan
8. Leadership opportunities
7. Cutting edge technology in the classroom
6. Professional development possibilities and the chance to collaborate and share best practices with colleagues
5. Participate in establishing the benchmark for success in large urban school systems
4. Opportunity to select the school site that you’re best suited to serve—a large district offers many options including magnet schools, high performing, underperforming, specialized programs and more
3. Work with a diverse workforce, students and community
2. The freedom to be innovative and make the best use of your abilities
1. Making a difference in the lives of students and creating positive and lasting change in the community

Launch your teaching career: Transition to Teaching fast-tracks your path to the classroom

Transition to Teaching is a program that offers educational and professional support to help you start your career as a teacher with Fresno Unified School District.

**Educational Support**
Each Transition to Teaching class consists of a small group of dedicated and diverse program participants that attend ongoing Saturday seminars. These seminars teach practices and models used at FUSD. Seminars not only provide information about working in the classroom, but also create a peer support environment.

**Professional Support**
Each participant is matched with a mentor for monthly meetings that provide information about working in the classroom, but also create a peer support environment.

**Requirements**
1. Apply: Fill out a teacher application online.
2. Complete a successful interview.
3. Evaluations: Are you ready to work in a high-needs school?
4. Sign a commitment contract: This means that you agree to complete the program and work in a high-needs school.
5. Attend classes: Once accepted, enroll and attend classes at Fresno Pacific University or California State University, Fresno.
6. Complete the program and work as a teacher for Fresno Unified School District.
